**"ArtWorks was a life-changing experience for me since it was my first job that I ever had." - Tymothy, ArtWorks Intern Alum**

- Founded in 2001, ArtWorks for Milwaukee is helping to fill the skills gap that many employers face today: finding young people who have 21st Century Skills including problem solving, communication, collaboration, and professionalism.
- Through its unique arts-based internships, ArtWorks helps high school students develop these critical 21st Century Skills to prepare them to contribute positively in the working world.
- Beginning in 2012, ArtWorks took steps to implement a graduated program model to serve more of the many students interested in our programs. From 2013 to 2014, we doubled the number of internships offered.
- Each year, ArtWorks engages over 100 high school students in paid and unpaid arts internships.
